

MATRIX RIBBONLYTE

3-in-1 RGB LEDs can be programmed to mix up to 16 million colors

Static white available in 6 color temperatures

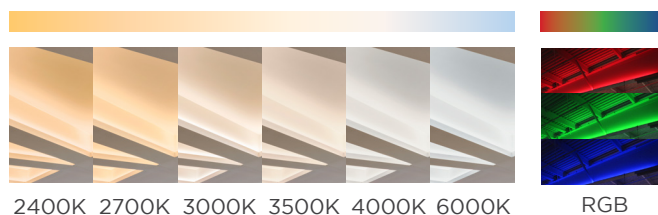

- 3.0 W/ft (10 W/m)
- 24 Volt input
- IP20

Unique circuit board allows Matrix to flex and conform to curves

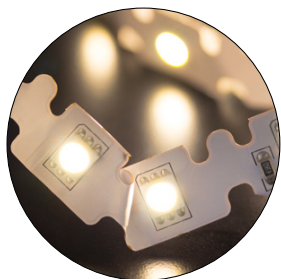

IDEAL FOR CURVES, SHARP ANGLES, CIRCULAR COVES, AND COMPLEX SHAPES

AVAILABLE COLOR TEMPERATURES

2400K 2700K 3000K 3500K 4000K 6000K

RGB

Horizontal and vertical bending

Bends up to 90 degrees

RoHS

IP20
