ARMOR SERIES | MINI EXTERIOR LINEAR FIXTURES

Museums

Public Spaces

With a small profile and 5 different optics options, you can use this fixture in several applications or one project. 6 color temperature options and 4 different lengths allow mixing and matching as needed to fit in any location. Choose the mounting bracket to match your application, from low space for vertical washing of facades, to the tilting stand for a more focused control. The Armor Series Mini Linear comes with a three-year warranty.

GEL-FLUSH[™] TECHNOLOGY

The Armor Series MINI Linear fixture is manufactured with our Gel-Flush™ Technology. This proprietary innovation prevents breaches from any weather-related elements. Acolyte exterior products are guaranteed to never leak, condensate, or be breached by any environmental elements. This results in a clear and unobstructed beam of light from our fixtures. No more water beads changing and/ or refracting the specified beam angles!
