

LINEA RIBBONLYTE

IP20 (SPECIAL ORDER IP67) | DIODE FREE | RAISED COATING DIFFUSES LEDS | 180-DEGREE BEAM ANGLE

Linea RibbonLyte features a “Chip on Board” design with a special raised coating that creates flexible, seamless, diode-free lines of white light either with or without a channel and diffuser lens. Static White Linea RibbonLyte is available in three wattages and 4 dimmable CCTs while Variable White Linea RibbonLyte lets you tune for brightness and warmth from 2700K to 6500K.
