

RGBA SERIES 2 RIBBONLYTE

RGBA Series 2 RibbonLyte is a DMX-controlled 4-channel color changing RibbonLyte with four separate chips (red, green, blue and amber) combined in a single LED diode to provide flawless color blending. Mixing with amber helps create warmer pastels. Our Series 2 version offers more LEDs per foot and improved cut lengths as short as 1.97 in. (50 mm).

FEATURES:

- 4 LED chips in 1
- RGBA LEDs include amber for warmth
- 120 LEDs/m
- 1.97 in. (50 mm) cut length
- The 4.4 and 8.8 W/ft are rated IP20
- The 5.5 W/ft is rated IP65, IP68 or IP69
