OPTIRAYZ LED LIGHT BARS

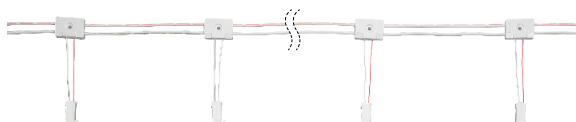

OptiRayz is a rigid light bar system with LED optics that is ideal for soft signage lighting in fabric light boxes. Use 24V OptiRayz light bars alone or attach to a wire harness to create a simple grid for backlighting applications. Available in three sizes and two standard CCTs. Daisy chain with built-in connectors for larger signs. Longer OptiRayz Light Bars can also be trimmed at set cut points to fit odd sizes.

FEATURES

- For fabric light box applications
- Available in 2 standard CCTs: 5000K, 6500K
- Use wire harness to create backlighting grid
- Longer OptiRayz Light Bars can trim at cut points
- 3 sizes at 140 lm/W, 564 lm/ft (1850 lm/m)
 - 14.8 in. / 376 mm bar: 6 LEDs (A)
 - 20.3 in. / 515 mm bar: 8 LEDs (B)
 - 36.61 in. / 930 mm bar: 14 LEDs (C)

ACCESSORIES

Wire Harness (Part Number: LS-RLB-HRN-15)

Number of Feeds: 15 | Length: 8 ft 10.3 in. / 2700 mm

Connector to Bare Wire (Part Number: LS-RLB-CNCT-7)

Length: 2.76 in. / 70 mm
