

ARMOR SERIES NANO PIVOT & NANO PIVOT RGBW

Armor Series Nano Pivot Fixtures are hinged grazers that provide flexibility in your lighting design. Create dramatic effects around cornices and curved facades, columns or landscaping. Each section of the Nano Pivot features 4 LEDs in a programmable 5-in. (125 mm) pixel. There are 8 pixels per 3.28 ft (1 m) chain. Daisy chain up 6 fixtures. The Nano Pivot is available in two dimmable Static White CCTs (2700K, 4000K) and the Nano Pivot RGBW features color changing pixels (RGBW 3000K, RGBW 4000K). Both Pivot models are rated IP67 for external use, offer 4 beam angle options and utilize 24V external drivers.

NANO PIVOT

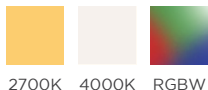

- 9.75 W/ft (32 W/m)
- 2746.2 lm/fixture in 2700K at 45°x45°
- Beam angles: 25°x25°, 45°x45°, 25°x45°
- 5-year warranty

NANO PIVOT RGBW

- 9.75 W/ft (32 W/m)
- 1271 lm/fixture at 25°x25° (all on)
- Beam angles: 25°x25°, 45°x45°, 25°x45°
- 5-year warranty
