

NANO FLEX

The Nano Flex is a large 24V flexible silicone grazer tube. Available in three dimmable Static White CCTs (2700K-4000K), this IP67 grazer is compatible with 0-10V, ELV/MLV or DMX controls. Dual bending capabilities (side- and top-bending!) make this an amazing solution for complex grazer applications in hospitality, landscape or architectural settings. Choose from end, side or bottom power feed.
