

1. Measure and mark the desired location of the mounting clips. Drill pilot holes for mounting clips. Affix mounting clips to the surface with screws.

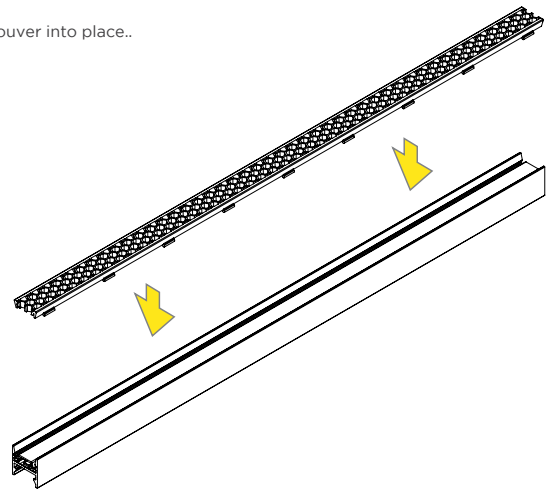

3. Snap lens into place.

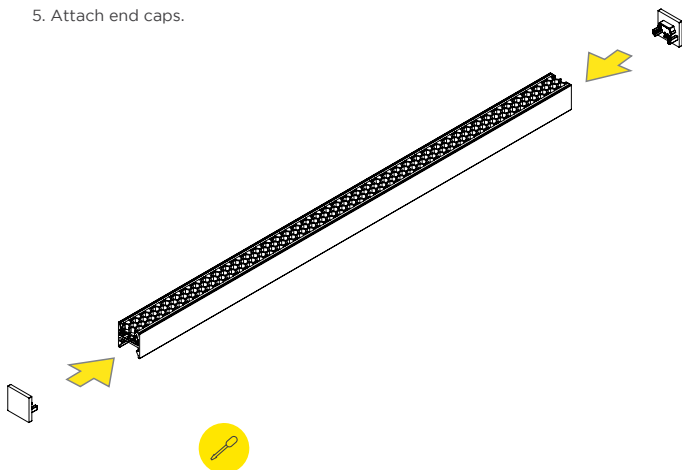

2. Clean the inside surface of the channel of dust and debris with rubbing alcohol. Dry, then apply RibbonLyte. Make all necessary electrical connections. (Note: For end feed, be sure to thread wire through end cap but do not attach end cap to channel yet.)

4. Snap louver into place..

5. Attach end caps.

6. Align the channel above the mounting clips and push down to snap into place. AS15L fixture installation complete.
